

VSP Clino

Industrial Spill Cleaner

VSP Clino-Industrial Spill Cleaner.

Description:

Quickly and efficiently (in a matter of minutes) cleans oil spills and many other forms of chemical and biological spills. Can be used safely; both indoors and outdoors.

This product consists only of natural minerals and contains no chemicals whatsoever. It is 100% environmentally friendly and safe.

Physical, Chemical and Mineralogical Properties of VSP Clino Oil-Chem Spill Cleaner.

Colour	Grey, beige
Physical Shape	Powder
Odour	Odourless
Solubility	Not Soluble
Boiling Point	Not applicable
Freezing Point	Not applicable
Melting Point	1800 °F
Bulk Density:	0,7 - 1,1 g/cm³

Usage:

Initially pour a sufficient amount of VSP Clino OIL-CHEM SPILL CLEANER all around the spill to contain it. Then apply further amounts onto the surface of the spill to create a layer. You will notice that caking begins to occur. Use a trowel, shovel or brush and keep mixing it until the spillage has been completely absorbed and dried out. Finally, dispose of the absorbed spill according to normal waste regulations.
