HEUTE shoe shine machines —

Heute
Maschinenfabrik

Even back in the 18th century, French poet Honoré de Balzac wrote that a keen observer can always gain a sense of who he or she is dealing by glancing at that person's shoes.

While this may not be quite as easy any more in our age of sneakers, loafers and the used look, one factor still applies:

„Well-kept shoes simply bring more brilliance to their wearer's personality.“

Shoes complete and individualise our appearance – and they convey messages. Clean footwear conveys an appreciation of one's fellows and the situation at hand. This has been our philosophy for more than 100 years. HEUTE shoe shine machines safeguard values and look after your good style.

Brilliantly Prepared

For the brainstorming session with the team. The luncheon with the board of directors. The presentation to the client. And for the trip to the theatre in the evening.

Shoe shine machines by HEUTE see to it that the day begins with a fresh shine. From toe to heel – and from one ear to the other. And they are always and everywhere at your service, whenever a brilliant performance is expected.

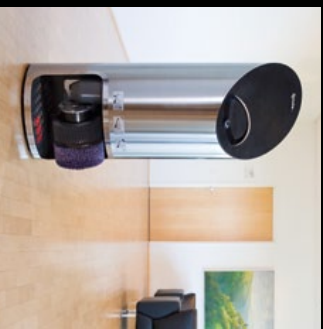

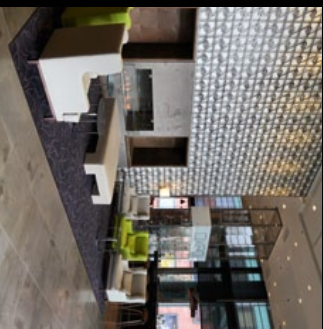

Shine with a smile

Our quiet servants are as varied as the people who use them each day. With a variety of characters and talents, and in outfits that range from classic to modern, they perform their tasks in the best buildings worldwide.

And they come with brilliant references: Hand-made in Germany, backed by more than 100 years of experience and guaranteed dependability. For satisfied customers, from top to toe.

Ellipse with high-quality genuine leather finishing

Ellipse

The style-conscious head porter

The round column in brushed stainless steel with bevelled oval cover has the look of a sculpture in expansive corridors, spacious reception areas and lobbies. Whether free-standing, in a corner or directly against the wall, this stylish shoe shine machines always cuts a fine figure. Offer service in its most beautiful shape.

Ellipse V2A

Quadro

The modern purist

The slender square column shape demonstrates modernity across the board. This eye-catcher is appealing for its zeitgeist, form and function. Demonstrate zeitgeist with form and function.

- *high-end property character*
- *high-quality stainless steel finish*

Quadro V2A

V2A, brushed

Poliswing

A distinctive fellow

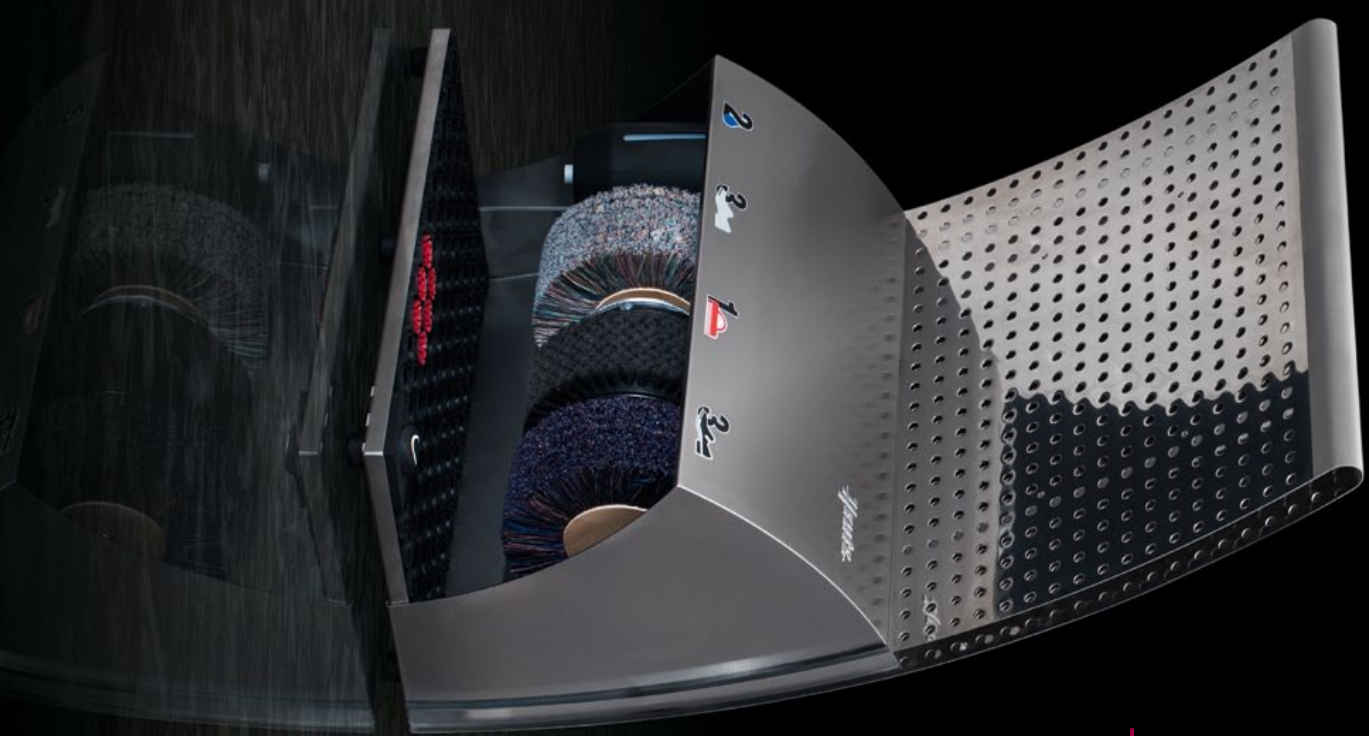

Be it an office building, production hall, fitness studio or modern residential loft – the steely, industrial look is a commitment to high-quality craftsmanship. The elaborately produced shoe shine machine made of shiny perforated sheeting and satinised steel is characterised by utmost stability, while the grip area, pleasant to the touch, offers a wide space to hold on, thus preventing hand prints on the wall. Rely on quality craftsmanship you can lean on.

- *striking, industrial design*
- *broad and comfortable satin handle area*

Polifix 2

A dazzling professional

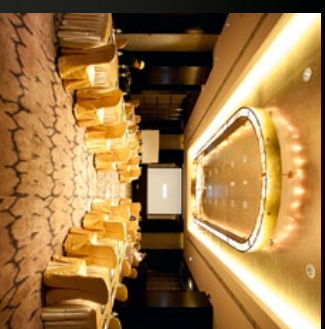

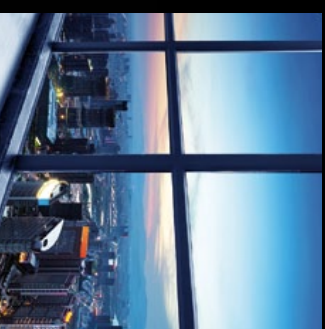

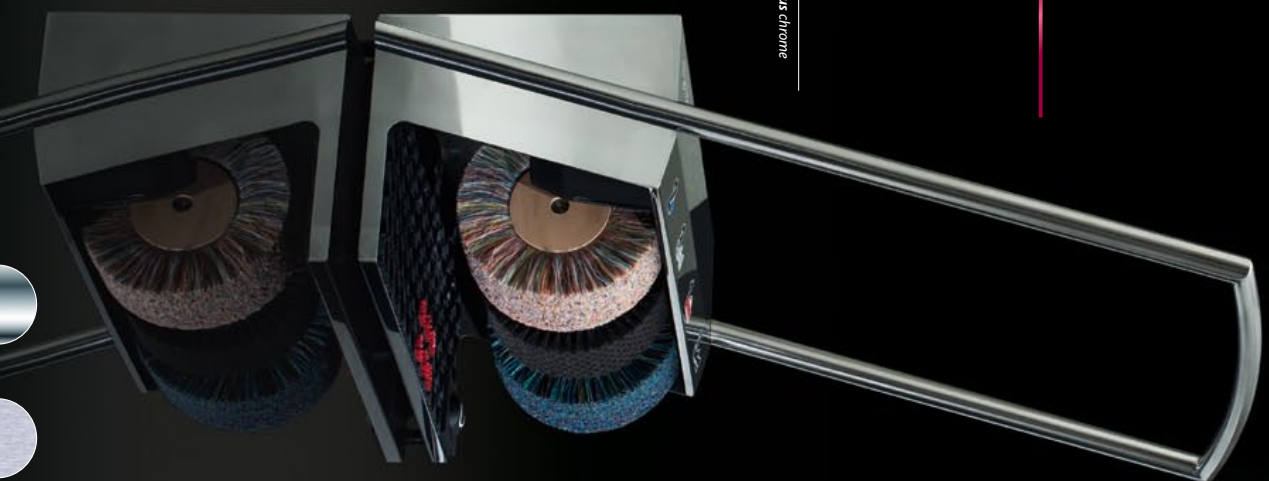

When it comes to performance, this weighty ground-mounted machine plays in the top league. Just like the steel housing, the three rotating brushes with an impressive diameter are extremely robust in design and well-suited for continuous use in shopping centres or highly frequented hotels. Unsurpassed top form is also reflected in the options of finishing for the housing: in high-gloss chrome makes, this powerhouse becomes invisible as it mirrors its surroundings, while in 24-carat gold it reflects pure luxury. Rely on a true star.

Brilliant performance in two series:

- with bar and plastic knob incl. starter
- with foot sensor and bow handle in brushed stainless steel for added style

Polifix 4

The classic perfectionist

As the most experienced machine, this shoe shine machine can't be fooled, not even by the younger generation. It goes to work with four brushes and achieves brilliant results that are anything but old hat. Demonstrate stature with perfection.

- 4 brushes
- practical polish storage
- exquisite, with solid brass fittings
