

# Water Level Indicator

---

Next Sense Technologies

Datasheet

---

## Description

---

Cable length	: 100 m
Tape	: 9.8 mm PE coating ruler tape
Probe	: 14 mm diameter
Reel	: Stainless steel frame
Power supply	: 9V alkaline
Indicator Light	: RED Led light
Sound indication	: 80dbi buzzer
Measure range	: 30m, 50m, 100m
Warranty	: 18 Months

---

## Applications

---

Determines water level (and temperature) within borehole, piezometer, pipe or sump.

## Features

---

- > Slim-line 14 mm probe
- > High accuracy
- > Simple to use
- > Easy to clean
- > Robust construction
- > Compact design
