# H6 Elite

Intelligent Diagnosis System

Full Vehicle Coverage

## X-TOOL H6 Elite Intelligent Diagnosis System

H6 Elite is the latest car diagnosis platform made for technicians. Based on Android system, combined with OEM-level vehicle coverage, carried on a fashionable and beautiful tablet and brand-new interaction design, it gives users same simple operation but totally different experience.

### Function

Diagnostic	Immobilizer	ECU Flashing
Special Function	Mileage Adjustment	Remote programming

V-LAB ELECTRONICS  
Trusted by Engineers

## Vehicle Coverage

- **Asian Vehicles:** Tata (India), Mahindra (India), Maruti (India), Hyundai, KIA, Toyota, Honda, Nissan, ISUZU, Mitsubishi and many more
- **European Vehicles:** Audi, Benz, BMW, VW, Skoda, Bentley, Volvo, Aston martin, Jaguar, Land rover, Maserati, Lamborghini, Ferrari, Porsche, Renault and many more
- **American Vehicles:** Ford, Chevrolet, GM, Jeep, Fiat, Lincoln and many more

**Massive Special functions**

System-wide special functions  
+ 27 commonly used maintenance functions

 Tire Upgrade	 Seat Match	 DPF	 Gearbox Match	 Key Programming
 BMS Reset	 ECU Configurations	 TPMS Reset	 SAS	 Transport Mode
 Throttle	 Gear Learning	 Language Change	 ABS Bleeding	 Instrument Cluster
 Injector Coding	 Power Balance	 Airbag Reset	 Headlight	 A/F Reset
 Windows Initialization	 Suspension	 EPB	 Oil Reset	 EEPROM
 Electronic Pump Activation	 Stop/Start Reset			

V-LAB ELECTRONICS  
Trusted by Engineers

## Key Programming

Add new key + Disable lost key + Remote learning + Key Learning + Key Matching, etc

## Bi-directional Control

Full Bi-Directional Control over vehicle-specific subsystem and components like ABS, SRS, window, door and roof

## Parameters:

<b>Operating system:</b> Android	<b>CPU:</b> Quad core1.8GHz
<b>RAM:</b> 2GB	<b>ROM:</b> 64GB
<b>Display:</b> 8 Inch	<b>Resolution:</b> 1024*768P
<b>Communication:</b> WIFI/BT	<b>Battery capacity:</b> 10,000mAh
<b>Ports:</b> USB 3.0,Mini HDMI,DC charging port, DB15 Interface	<b>Camera:</b> 8.0 Megapixel, AF with Flash light
<b>Operating temperature:</b> -20°C~50°C	<b>Operating Voltage :</b> DC9-12V

## Packing List:

- **Main Unit**
  - ✓ H6 ELITE tablet
  - ✓ Charger for tablet
  - ✓ US Adapter
  - ✓ Micro USB cable
  - ✓ EU adapter
- **Test Connector**
  - ✓ AUDI-4
  - ✓ KIA-20
  - ✓ SELFTEST
  - ✓ HONDA-3
  - ✓ FIAT-3
  - ✓ Battery cable
  - ✓ OBDII-16
  - ✓ MITSUBISHI-12+16
  - ✓ Cigar lighter cable
  - ✓ Main cable(12v)
  - ✓ MAZDA-17R
  - ✓ TOYOTA-17
  - ✓ UNIVERSAL-3
  - ✓ HYUNDAI/KIA-10
  - ✓ BMW-20
  - ✓ SUZUKI-3

### Massive Special functions

System-wide special functions  
+ 27 commonly used maintenance functions

- Tire Upgrade
- Seat Match
- DPF
- Gearbox Match
- Key Programming
- BMS Reset
- ECU Configurations
- TPMS Reset
- SAS
- Transport Mode
- Throttle
- Gear Learning
- Language Change
- ABS Bleeding
- Instrument Cluster
- Injector Coding
- Power Balance
- Airbag Reset
- Headlight
- A/F Reset
- Windows Initialization
- Suspension
- EPB
- Oil Reset
- EEPROM
- Electronic Pump Activation
- Stop/Start Reset

V-LAB ELECTRONICS  
Trusted by Engineers

➤ **Accessories**

- ✓ User manual
- ✓ Cartoon box
- ✓ Packing list
- ✓ Certificate of quality

# Multi-functional

It can be used in most cars, such as engines, transmissions doors and automotive electronic systems, etc.

The handheld device screen shows a grid of 15 icons for various car services, including Immobilization, ABS Bleeding, Service / Maintenance Light, Steering Angle Sensor Adjustment, Window Initialization, Throttle Relearn, DPF, BMS Reset, Seat configurations, Electric Parking Brake, Cylinder, Instrument Cluster, Airbag Repair, Crankshaft Resync, and Air Suspension. Below the screen is a larger grid of 24 icons for additional functions: Immobilization, ABS Bleeding, Service/Maintenance Light, Steering Angle Sensor Adjustment, Window Initialization, Throttle Relearn, Immobilization, DPF, BMS Reset, Seat configurations, Electric Parking Brake, Cylinder, Instrument Cluster, Throttle Relearn, Airbag Repair, Crankshaft Resync, Air Suspension, Injector Coding, EEPROM Adapter, Headlight, Tyre Pressure Reset, Gearbox Match, and a '更多' (More) button.
