## ABOUT US

Set up in the year 2009, we, Weber Construction Equipment Pvt Ltd have become a distinguished name in the market by exporting, manufacturing and supplying Construction Machinery. Being an ISO 9001:2008 certified firm, our qualitative spectrum of products comprises of Concrete Batching Plant, Mini Reversible Mixer and Hydraulic Concrete Mixer. Our range of product are known for its high performance and consistent quality. To meet the exact demands of the customers, we offer tailor-made products that satisfactorily serves the customers needs.

We are inculcating necessary innovations, dedication to face techno-commercial challenges of the current & future trends. With the support of savant-grade infrastructure system, we are able to fulfill bulk demands of customers with uttermost perfection. Our effective amalgamation of material and technology have enabled us to manufacture a wide assortment of defect-proof products. Moreover, we have utilized a team of diligent professionals for maintaining long-term healthy relationships with clients through skilled business ethics. With these prospects, we have attained estimable customer base with clients such as Arun Trade Combine, Deopuri and Anshul Exim Private Limited, Rajkot.

We are flourishing under the efficient leadership of Mr. Shailesh Kadiya (CEO) in delivering construction machinery. It is the result of his vision and guidance that today we have established ourselves as prominent manufacturers of construction machinery.

### OUR MANPOWER

Goal of expansion and progress cannot be achieved without proper cooperation and coordination of the workforce. We are fortunate to have a pool of highly skilled and experienced team members who make a significant contribution towards achieving our mission of smooth growth in the market.

## QUALITY

To meet the demands and requirements of quality conscious customers we manufacture our products as per the ISI recommendations. Adhering to strict quality measures we have aim to offer consistent quality machinery to our customer that provides quality service for longer period of time.

The various quality control measures begin from the initial stage of raw material procurement. The raw material subjected to rigorous tests before it is actually used in the production process. The later stages are continued under strict vigil of experienced quality control experts who ensure no flaw or lacuna remains untraced. These steps undertaken at each process results in high quality machinery with high functional utility.

All our products are manufactured to give better homogeneity and consistency. We manufacture our products as per ISI and International standard. Our ability to deliver customized products is a great boon for our customers. Due to quality consistency and competitiveness, all our products are considered as most reliable at the global platform.

So, please do not hesitate to write to us or call upon us for the details and the products when in need. We would love and appreciate your enquiry as and when it comes.

## WEBER CONCRETE BATCHING PLANT (Reversible Drum)

### TECHNICAL SPECIFICATION : MODEL WMCP – 20RD CONCRETE OUTPUT

Max. Compacted fresh: 20 m<sup>3</sup>/hr  
Reversal Drum Mixer Capacity: 1200 lit. ( 0.5 m<sup>3</sup> Batch Capacity)  
No. of Feeder Components: 2 Aggregate + 1 Sand

#### **WEIGHING SCALE**

1. Aggregate: 04 'S' type load cell of cap. 2000 kg. Each
  2. Cement: 04 Regular Type Load Cell of cap.500 Kg. Each
  3. Water & Additive: 02 Regular Type Load Cell of cap.500 Kg. Each
- Water connection: 40 mm (1.5")

#### **POWER REQUIREMENT**

1. Gathering belt: 7.5 HP
2. Reversible Drum Mixer: 10 HP
3. Cement screw conveyer: 10 HP
4. Air Compressor: 02 HP
5. Water pump: 1.5 HP
6. Sand Vibrator: 0.5 HP
7. Cement Vibrator: 0.5 HP

Connected Load: 32 HP  
Optional Concrete Opening Discharge height: 1.5 mtrs.  
Total Weight (Approx ): 7 Ton.  
Number Of Pneumatic Tyre: 4 Nos.  
Tyre Size: 750 - 16  
Maximum Toeing Speed: 10 Km/hr  
Mechanical Jack: 6 Nos.  
Operating Voltage: 1x230/3x415  
Combination Electronics: Fully Automatic Microcomputer  
Touch screen plc batching Control Panel.

Plot No. 447, Road No. 11, Kathwada GIDC,  
Odhav, Ahmedabad - 382415, Gujarat, India.
