

## Products

### Tensile Testing Machine

- Suitable for tensile test of non ferrous metals, wires, cables, wood, plastic, rubber, paper, resin, fabrics etc.
- Load Range from 200 N to 50 kN.
- Available in dial type, digital and computerised models.
- Computer controlled Universal Testing Machine with ball screw is available with 1 kN to 100 kN capacity.
- Accuracy confirms to IS 1828 / BS 1610.
